Golf League Nov 16, 2026

NOTICE:

We are having difficulty setting up the upcoming golf season with Reedy Meadows Golf Course.
Nothing has been finalized, so we are still hopeful that the course will bend their existing rules to allow us to continue playing as we always have.

As it stands now:

- Every league member will have to set up an online account with the course, complete with a credit card, and if you miss your tee time without sufficient notice you will be charged.
- The course will then attempt to fill that empty tee time with another golfer.

We are not happy with this change(to say the least), but we are being told that the Lynnfield Town Manager is dictating this, and there are no exceptions.

When the Town of Lynnfield took over the course, we thought we would have to find another course, but it didn't come to fruition.
When Covid hit, and they started demanding tee-times, it was a big change, but we persevered.
The League WILL continue.

We as a league now have to decide which direction to go.

The easiest solution is to simply go with the flow, follow their rules and continue at Reedy Meadows.
Another possibility is to find another course that will make allowances for golf leagues.

We still have hope that we will find some common ground with the course, and the Town of Lynnfield, but we need to start this discussion now, so that we can be ready to hit the ground running in April.

I will be posting a form on the website for everyone to chime in, so keep checking back.

Please refer to WWW.PLGOLFLEAGUE.COM (http://www.plgolfleague.com) for further information.
